## SOLDIERS GIVEN PREFERENCE IN RECONSTRUCTION WORK

**Dr. W. B. Beauchamp, Director  
General of Missionary Centenary,  
Says Methodist Church  
Will Use Soldiers In Rebuilding  
Program.**

"Our first duty is to give the returning soldier a job," declared Dr. W. B. Beauchamp, Director-General of the Centenary Campaign of the M. E. Church, South, to a group of newspaper representatives. "The boys coming back will not be nearly so thrilled over flag-waving and shouts from the sidewalk as they will be to feel the grasp of a friendly hand and the words, 'We've got a job waiting for you, old fellow!' All over the country men are using their best wits and energies to find places for the boys who were willing to face death when the need came."

"The Methodist Church can do its part in giving work to the boys who are coming back, and we are going to do that part to the best of our ability. From May 15 to 25 we will conduct a drive for \$115,000,000, of which our own church, the M. E. Church, South, will be responsible for \$35,000,000. The success of this campaign will mean the immediate erection of churches and schools and the opening of 'jobs' of all kinds."

"Many of the returning boys may not be adjusted to the after-war

conditions and therefore, will not, for a time, be able to get started in their trades. We will keep in constant touch with these conditions through our pastors and conference workers and will consider it a privilege to see to it that these men are given work. We will need bricklayers, carpenters, architects, business and professional assistance, and, where a boy has caught the vision of larger service—missionaries—we will need all of this help, and we will see to it that the soldier is given the chance at the job first."

## \$50,000,000 FOR TENNESSEANS

**This Amount Possible If Every  
Boy and Girl Did What  
One Girl Did**

**ONE GIRL MAKES \$117.75 NET**

Frances Easley Did Her Work as a Poultry Club Member Under the Direction of the County Home Demonstration Agent of Sumner County

(By R. N. Crane, Division of Extension, University of Tennessee.)

Frances Easley, a real girl of the country, brim-full of life and fun, in 1917 became a member of a poultry club, under the leadership of the county home demonstration agent of Sumner county. Frances' opportunities were no greater than those of the average Middle Tennessee farm girl. She, however, has a splendid mother, who backed her up in her work.

Frances hatched her chickens very early in the spring, and also she selected stately Rhode Island Reds, that are not expected to begin laying until they are 6 or 7 months old, she had them laying in October. She had 40 hens.

Frances has made no accounting for the chickens and eggs used at home, but in her poultry club record for the year ending November 1 she gives:

Market poultry sold	\$13.88
Twenty-seven fowls sold as breeders	47.50
Eggs sold for market	34.07
Seventeen settings eggs	22.05
Twelve cockerels on hand November 1	24.00
112 hens and pullets	100.00
Won at county fair	3.00
<b>Total</b>	<b>\$246.48</b>

Frances spent for four brood coops, \$5; for a setting of extra good hatching eggs to improve her flock, \$3.75. She valued her 40 hens and 4 cockerels at \$50. The market value of the feed grown at home, but fed to her poultry, \$30. She spent in improving her poultry house, \$10, making a total outlay of \$128.75.

Frances was able to buy baby bonds, having made a net profit of \$117.73, and will have an income over her cost of food for this year of nearly \$1 a day.

If every boy and girl in Tennessee, between the ages of 10 and 18 years, could this year accomplish what Frances Easley accomplished in 1918, it would add \$50,000,000 to the wealth of the state.

## METHODISTS CHANGE DATE

**CAMPAIGN FOR \$35,000,000 IN M. E.  
CHURCH, SOUTH, CENTENARY  
DRIVE WILL BE HELD  
MAY 18-25.**

The date for the Methodist Centenary financial campaign has changed from April 27-May 4 to May 18-25, official announcement of which is being made throughout the length and breadth of Methodism today. Several weeks ago it was found necessary to change the April date in order not to interfere with the Government plans for the forthcoming Victory Loan Drive. The selection of another date has been held in abeyance pending the decision from Washington which was forwarded headquarters of the M. E. Church, South, recently.

The change in this date is of wide import to all Methodists who are, at this time, lining up plans of definite action regarding their part as individuals in the campaign. Dr. W. B. Beauchamp, Secretary of the Centenary Commission, stated today that he and other Centenary workers at headquarters have, through Secretary Carter Glass, pledged the loyal support of all Southern Methodists to the government at this crucial hour and that in setting May 18-25 as a date for the Centenary drive, he knows he will have the immediate and hearty cooperation of all conference secretaries, directors, field representatives and all workers connected with the campaign.

The Methodist Centenary financial campaign is the largest religious campaign undertaken in the history of the world. One hundred and fifteen million dollars is the goal set—Southern Methodists pledging themselves to raise thirty-five million of that sum.

## CHINA HAS A VERY IMPORTANT ROLE

**PRACTICALLY ONE HUNDRED AND  
FIFTY THOUSAND COOLIES  
SENT TO FRANCE.**

What optimist a generation ago would have thought that backward China would have a hand in the settlement of a world war? But China is having a very important role in the great war that is just being brought to a close. Not as soldiers—fighting men—but as laborers behind the front line trenches. And just so many allied troops have been released for other duties. Practically one hundred and fifty thousand of these coolies have been transported by way of the Suez to France. This work has been done under the direction of the British Government and Church Missionaries. Among these missionaries are many of the Methodist Episcopal Church, South, which is just finishing the details of its campaign May 18-25 to secure \$35,000,000 to further work of the kind that is being done in France and other places.

## RACING, TOGETHER TO SPREAD GOSPEL

Nashville, Tenn.—One hundred and forty thousand Southern Methodists have signified their determination to pray for the success of the missionary work of the M. E. Church, South, and for the spread of Christianity throughout the world. These people have not only decided to do this, but have banded together in a league known as the Fellowship of Intercession, each signing a small card which it is thought will make the cause for which they pray more definite in the minds of the signers of the cards.

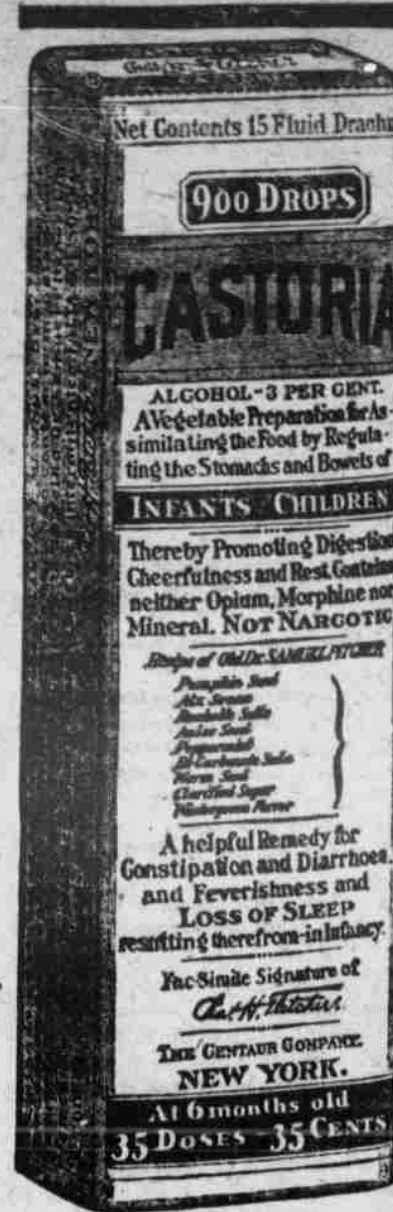

Dr. S. A. Neblett, secretary of the Department of Intercession of the denomination, stated to a reporter that the way in which the prayer cards were coming in was an inspiration. From two thousand to five thousand of these are opened in the mail every morning, the number of 140,000 representing the complete total up to date.

## FIVE HUNDRED WOMEN WANTED

Nashville, Tenn.—Five hundred young women are wanted at once by the Women's Missionary Council of the M. E. Church, South. They are wanted for services and missionaries of the church in both the home and foreign fields and the best type of womanhood is asked for. Women to whom the desire to serve has come very keenly, women whom the spirit of the hour has gripped earnestly, this is the type with whom the church wishes to make connection for various forms of missionary endeavor.

The particular forms of missionary work open to the young women of the South are in the medical, evangelistic and educational departments in the mission fields. One hundred and fifty are wanted as evangelists and deaconesses; two hundred and fifty are wanted as teachers and one hundred are wanted as doctors and nurses. The call has particularly gone out for young women of college education in order that they may be able to grasp quickly the leadership in the work which the church needs.

The calling of these young women is made possible through the Centenary of the church which is being observed this year. A fund of \$35,000,000 will be raised soon, and this money will make possible the sending of many missionaries to Africa, Japan, China, Brazil, Mexico, Cuba, Korea and in the home field.

## "CONCRETE MIXERS" SOUNDS GOOD

**How they Mix Dough for the  
"Dough Boys."**

Beaune, France, March 12, 1919.  
Editor News:

We are stationed at the A. E. F. University, which is the greatest opportunity ever offered to the members of the A. E. F. Any line of trade or study can be selected and studied at this place. This is an opportunity that has never before been presented in military or civilian life.

Next I will try to explain how we are being fed, which we term as our most important thing. Our "mess hall" is 920 feet long and 450 feet wide. They work 400 cooks and 630 on kitchen police duty. They mash the potatoes with a "pile driver." There are twelve concrete mixers running both day and night, mixing batter for pancakes. There are six steam shovels moving eggshells from the kitchen door.

The kitchen police are on roller skates and are kept very busy taking orders from the cooks and filling them.

The "mess sergeant" rides a motorcycle thru the kitchen shouting orders through a megaphone.

We are expecting a great celebration on July 4. Come over and enjoy life with us.

Hoping to be in the U. S. soon, I am,
